CARPETS

RETAILED AT WHOLESALE PRICES. LARGE LINE OF SMALL FIGURES SUITABLE FOR COTTAGE AND COUNTRY RESIDENCES.

DOWN-TOWN CARPET STORE. THE HYATT CO.

NO. 273 CANAL-ST., NEAR BROADWAY.

FOR THE CONVENIENCE OF PASSENGERS A FINE BUILDING BEING ERRECTED BY THE NEW-JERSEY CENTRAL.

The small army of laborers and bricklayers who are at work on the new depot at the Communipaw Ferry in Jersey City is advancing rapidly with the work. The new structure with the necessary train sheds will be 217 feet wide and 630 feet long, and will cost nearly \$400,000. It is being erected by the Central Railroad Company of New-Jersey, and will be used jointly by that corporation and the Lehigh Valley Railroad Company. The latter road is now constructing a connecting line from its New-Jersey road at Newark, near Plainfield, to the main line of the Central road at Roselle. The new depot will be an ornate structure of brick with a truss roof of iron and glass. Several thousand heavy spiles, averaging seventy feet in length, have been driven, on which the walls of the building are being erected. It will have a tall tower on the shore front, and will be three stories high. On the ground floor there will be a passenger's waiting-room, 95 feet long and 64 feet wide. This will have walls of glazed brick like the broadest station of the Pennsylvania Railroad Company at Philadelphia, and a floor of blue flagstone. On the left of the waiting-room will be a spacious restaurant, ticket and plate-car offices, and telegraph offices for the use of the public and the railroad companies. On the right will be a newsstand and the offices of the train dispatchers and the depot master. The second and third floors will be cut up into offices for the general and division superintendents, the engineers, the car agent and other officials. The building will be finished throughout in hard woods and will be fitted up with speaking tubes, electric bells and the other modern appliances. At night it will be lighted with electric lights. There will be a passageway of sixty feet between the new depot and the ferry slips. This will be roofed over. The passageway from the incoming trains to the ferry slips will be twenty-nine feet wide, flagged with blue stone and roofed over. The train sheds will be only one-story high and 512 feet long. They will contain twelve tracks and the necessary platforms. The new buildings will be the finest of the kind in New-Jersey.

FURNITURE WISDOM—NO. XVIL

EASY CHAIRS.

The easy chair is a household god. It belongs with your Lanes and Potatoes. It is to the tired body what water is to the parched throat. And who does not get "tired"?

We may be foolish about easy chairs, but we make over one hundred and twenty distinct styles. Four or five of them will do right! Until you try them you have no conception of absolute luxury. You want all of them. You want one at least as a health-protection.

Don't think of "this moment." Think of the days when you come home exhausted, the evenings when your own bedside seems better than medicine.

DE GRAAF & TAYLOR, 47 AND 49 WEST 14TH STREET.

PIANOS

100 elegant "WATERS" upright and square grand pianos; fine, rich tone, patent repeating action, and every improvement. Warranted six years. Prices, \$275 to \$450, and sold on payments of only \$10 monthly. Four or five second-hand pianos, in perfect order, at great bargains, for cash or on instalments, only \$25 monthly.

Also a number of the "WATERS" uprights, that have been rented a short time, will offer at very low prices and on terms to suit all purchasers. Pianos rented and part rent allowed toward purchase. Old pianos taken in part payment for new ones.
